

Centre for Veterinary Epidemiological Research

Application for Membership

For information about CVER, please visit the CVER website: <http://www.upei.ca/cver>

Criteria for Membership

The criteria for membership in CVER are as follows:

Full Member

Full Members will be any member of UPEI Faculty (excluding Adjunct Faculty) and/or research Associates whose primary research effort is in the area of population-based animal health research.

Associate Member

Associate Members will consist of: Faculty in other disciplines who collaborate on a regular basis with Full Members, Faculty whose primary interest is in human population health, Adjunct Faculty members affiliated with CVER, and other interested individuals who can contribute to the mission of CVER.

Associate members have all of the privileges of full Members except the ability to vote at CVER General meetings.

Graduate Student

Graduate Students will be current students whose research effort is in the area of population-based animal or human health research.
